

Agricultural Inputs Towards Goal 13

Thursday July 11 2019, 1:15pm – 2:45pm (lunch will be served)

Delegates Dining Room, UN Headquarters

13 CLIMATE ACTION

This luncheon will present successful stories on achieving SDG 13 and reducing GHG emissions from Agriculture, to inspire others in the sector to make changes and accelerate innovation in the field. It will address important issues of soil health, best practices to help sequester soil carbon, and new technologies to reduce the footprint of agriculture.

This event will also touch on the vital role of agriculture on Goal 8 – *promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all* and Goal 10 – *reduce inequality within and among countries*.

Speakers **Channing Arndt**, International Food Policy Research Institute, USA

Julia Franklin, One Acre Fund, Kenya

Theo de Jager, World Farmers Organisation, South Africa (TBC)

Michael Keller, International Seed Federation, Switzerland

Hanane Mouchid, OCP, Morocco

Brian Robert Lowry, Bayer CropScience, USA

Murari Rakshit, OLAM, Singapore
